

To **specified car dismantling operators** and **used car exporters**

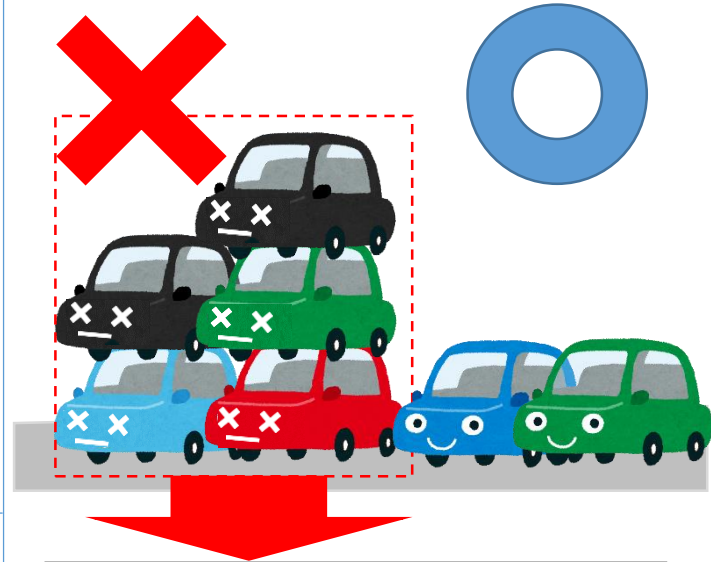

# Ensuring a Comfortable Living Environment

(The Ordinance on Prevention of Dismantling and Exporting of Stolen Vehicles)

① Do not make loud noises.

② Do not stack used cars.

Stacked cars are considered waste, and required to comply with the "Waste Management and Public Cleansing Law" and the "Act on Recycling of End-of-Life Automobiles".

③ Do not drain oil into waterways.

【Permits from relevant laws and regulations】

④ To perform business activities on farmland, you need a permit based on the "Cropland Act".

⑤ In order to dismantle a car, you need to submit a notification for the specified car dismantling operations and a permit for the dismantling business based on the "Act on Recycling of End-of-Life Automobiles".
