

Greetings from the Coordinators for International Relations of Mie Prefecture!

Marina (Brasil)

Hello! I'm Marina Hashimoto and I am from São Paulo State. I'm a Japanese-Brazilian born in Nagano Prefecture, and I've lived in both Japan and Brazil. Since I was a child, I've grown up surrounded by the cultures of both countries, and I love them both. That's part of the reason why I became a Coordinator for International Relations (CIR), is because I want to deepen the relationship between Brazil and Japan, and also help foreign children who face the same kinds of struggles I experienced when I was young. I'm really looking forward to sharing my experiences and stories about Brazil with all of you. Stay tuned for more!

Kane (Australia)

Nice to meet you! My name is Kane and I am from Perth City in Australia. I have been interested in Japan since I was young, and have been studying Japanese since I was in High School, and have worked hard to improve my communication skills in Japanese. Since I love nature and hiking, I feel very lucky to have been given the opportunity to come to Mie Prefecture. Within my job, I aim to help create a world where people from Japan and overseas can accept each other's different perspectives and ways of thinking, and build a society where all people are accepted. I look forward to sharing stories with all of you.

Seki (China)

Hi everyone! (✿!∪!) I'm Seki Shihei and I am from Henan Province, China. I became interested in Japanese anime and manga during high school, which made me want to visit Japan someday. (By the way, my favorite anime director is Hayao Miyazaki.) After that, I started learning Japanese, and now I'm working as a Coordinator for International Relations (CIR) in Mie Prefecture. Every day, I enjoy life in Japan and value the connections I have made with everyone. In the future, I hope to introduce you to some fun and interesting things about China. I look forward to getting to know you all!

We want to hear from you !

Your idea might be featured in our next newsletter. Please share your thoughts with us!
